NOTE FOR: Chairman, NIC

FROM: DCI

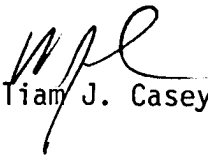

SUBJECT: Effectiveness Report on

[REDACTED]

Bob:

I don't think you have to eliminate the promotion recommendation on [REDACTED] because I did. I just don't know enough about [REDACTED] and I didn't like someone putting a promotion recommendation in my mouth.

I have no objection to anybody who feels he has the required knowledge making such a recommendation, and I don't like the appearance of my turning it off. If convinced that it is an appropriate thing for me to do, and how it came to be proposed, I might even come to concur.
